"Lord Jesus, thank You for choosing to be my shepherd and assuring me in Your Word that You want to meet all my needs. I declare that because You are my loving shepherd, I have everything I need. According to Your Word, all that I need, I shall see You supplying to me according to Your riches in glory...

I will trust in Your divine provision even when I can't see it now. Amen."

— Phil. 4:19 · Ps. 23:1 · Eph. 3:20 (Joseph Prince)

HOW TO USE THIS SYSTEM

Step 1	Dashboard Tab	Begin by entering your prophetic vision statement. This anchors every number to Kingdom purpose. Then fill in your Faith Targets — each one needs a scripture, a dollar goal, and a declaration. Speak these declarations aloud as you work.
Step 2	Ministry Tracker	Enter your monthly budget allocations. Update actuals each month. Variance and % columns calculate automatically in the Excel version. Use Strategic Notes to log prophetic observations — what God is doing in the numbers.
Step 3	Debt Elimination Plan	List every liability. Enter balance, interest rate, and minimum payments. Set an accelerated payment amount above the minimum to fast-track elimination. Update the status column as each debt is cleared — celebrate every victory.
Step 4	Prophetic Grounding Log	Record every financial miracle and milestone as it happens. This becomes your testimony library and accountability record before God and your leaders. Date it. Name it. Declare what it means.
Step 5	Ongoing Activation Practice	Review this system weekly. Pray over your numbers. Speak your declarations aloud. Seed strategically and intentionally. Update actuals every month. Let this blueprint serve as both your business plan and your altar before God.
